APPENDIX A

Who we share data with and why

Youth Service

Once pupils reach the age of 13, the law requires us to pass on certain information to the provider of Youth Support Services in your area. This is the local authority support service who have responsibilities in relation to the education or training of 13-19 year olds.

We may also share certain personal data relating to children aged 16 and over with post-16 education and training providers in order to secure appropriate services for them. A parent/guardian can request that **only** their child's name, address and date of birth be passed to the provider of Youth Support Services in your area by informing the DPO. This right is transferred to the child once he/she reaches the age 16.

For more information about services for young people, please go to the local authority website www.westsussex.gov.uk

Department for Education (DfE).

We are required, by law, to pass certain information about our pupils to our local authority and the Department for Education (DfE).

The DfE may also share pupil level personal data that we supply to them, with third parties. This will only take place where legislation allows it to do so and it is in compliance with GDPR

Decisions on whether DfE releases this personal data to third parties are subject to a robust approval process and are based on a detailed assessment of who is requesting the data, the purpose for which it is required, the level and sensitivity of data requested and the arrangements in place to store and handle the data. To be granted access to pupil level data, requestors must comply with strict terms and conditions covering the confidentiality and handling of data, security arrangements and retention and use of the data.

DfE may share individual level personal data that we or the LA supplies to them with third parties. This will only take place where legislation allows it to do so and it is in compliance with the data protection principles of the GDPR.

Primary Care Trusts (PCTs)

We are required, by law, to pass certain information about our pupils to PCT's.

PCT's use information about pupils for research and statistical purposes, to develop, monitor and evaluate the performance of local health services. These statistics will not identify individual pupils. It is necessary for certain health information about children (for example, such as their height and weight) to be retained for a certain period of time (designated by the Department of Health) and requires these PCTs to maintain children's names and addresses for this purpose. PCTs may also provide individual schools and Local Authorities (LAs) with aggregated health information which will not identify individual children.

Local Authority - education and training

We are required, by law, to pass certain information about our pupils to local authorities.

The LA holds information about young people living in its area, including about their education and training history. This is to support the provision of their education up to the age of 20 (and beyond this age for those with a special education need or disability). Education institutions and other public bodies (including the Department for Education (DfE), police, probation and health services) may pass information to the LA to help them to do this.

The LA shares some of the information it collects with the Department for Education (DfE) to enable them to; produce statistics, assess performance, determine the destinations of young people after they have left school or college and to evaluate Government funded programmes.

The LA may also share information with post-16 education and training providers to secure appropriate support for them. They may also share data with education establishments which shows what their pupils go on to do after the age of 16.

For children under 16, a parent or guardian can ask that no information other than their child's name, address and date of birth (or their own name and address) be passed to a local authority. This right transfers to the child on their 16th birthday. Pupils and/or a parent/guardian will need to inform the school/LA if this is what they wish.

If you want to see a copy of information about you that the LA holds, please contact the Data Protection Officer: FOI@westsussex.gov.uk

Local Authority – social services

In order to comply with our statutory safeguarding duties we are required, by law, to pass certain information about our pupils to local authorities. Information will only be shared where it is fair and lawful to do so.

If you want to see a copy of information about you that the LA holds, please contact the Data Protection Officer: FOI@westsussex.gov.uk

Police, Fire and Rescue Service, Ambulance Service and other emergency or enforcement agencies

In order to comply with our duty of care to pupils, our statutory safeguarding duties and our obligations in respect of the prevention and detection of crime, we may also share personal data with other statutory and partnership agencies.
